

Engineered by **Webclues Infotech**

# Empowering Instant Action

Revolutionizing industrial security  
with AI-driven solutions

# Types of AI Alerts

## Priority

-  Fire Hazard Detection
-  Smoke Detection
-  Camera Masking
-  Camera Malfunction
-  Intrusion (Polyline/Polygon)
-  Camera Tempering

## Safety & Hygiene Compliance

-  PPE Kit - Mask Detection
-  PPE Kit - Head Detection
-  Helmet Detection
-  Glove Detection
-  Goggles Detection
-  Beard Detection

## Security

-  No Guard
-  Access Block Detection
-  Gate Open-Close

## Productivity

-  Person Sleep Detection
-  Mobile Usage Detection
-  Idle Person Detection
-  People Gathering Detection
-  Face Recognition & Tracking
-  No Operator At Machine
-  Machine Start-Stop Detection

## Monitoring

-  Automatic Number Plate Recognition
-  Object Missing Detection
-  Loading-Unloading Counts (Box/Drums)
-  Head Count
-  Unauthorized Access (After Working Hours)
